Superior Industries Core Values

Integrity

While on the job, we work and act with rigorous honesty, always doing what we say we will do.

Long-Term Relationships

We have the desire to help others, while investing in long-term relations that are fostered with trust and respect.

Culture of Opportunity

Our environment is one where the ideas of customers and employees are heard, shared and often developed.

Strong Work Ethic

Our roots in the gravel pits of western Minnesota developed strong work ethic. We are motivated through hard work and accomplishment.

Superior Industries

BUILD INNOVATION. CREATE OPPORTUNITY.

MORRIS, MINNESOTA | PRESCOTT VALLEY, ARIZONA | NORCROSS, GEORGIA

From roads to bridges, even toothpaste and pharmaceuticals, Superior Industries is one of the moving forces that help to transform everyday minerals into some of the world's most relied upon products.

TELESTACKER® CONVEYOR | KANSAS

DESIGN/BUILD CONVEYOR SYSTEM | AUGUSTA, GA

CONVEYING EQUIPMENT

Superior's line of conveying equipment has built a solid reputation for its innovation and long-lasting dependability. Armed with a dealer network throughout the United States, Canada and into Mexico, we are able to provide our customers localized service and support.

TELESTACKER CONVEYOR

CONVEYOR COMPONENTS

We engineer conveyor components to be the problem solvers in your conveyor system. With a growing list of patented products, our idlers, pulleys and conveyor accessories are innovative solutions to some of the most common and costly failures.

CONVEYOR IDLERS

DESIGN/BUILD CONVEYOR SYSTEMS

From concept to turnkey solutions, we are equipped to complete the most complex conveyor systems. After almost 50 years of engineering crushing stations, screen towers and load out bins, our Fesco Systems Division has gained the respect of the world's leading producers.
