

# Tripper Conveyors

**SUPERIOR**

## Large Tonnage Stockpiles

Build and maintain 100,000-plus ton stockpiles on limited footprints.

- ▶ Intermediate discharge point for multiple stockpiles
- ▶ Discharge on either side of conveyor
- ▶ Custom heights and lengths based on real estate and stockpile goals

## Eliminate Loader Use

Tripper conveyors have the ability to consistently move and stockpile materials, maximizing your operational effectiveness.

- ▶ Reduce escalating maintenance, labor and fuel costs
- ▶ Decrease the risk of loader-related injuries

## Prevent Material Loss

Minimized loader use prevents damaging and expensive stockpile segregation.

- ▶ Maintain material specs
- ▶ Loader ramps use and abuse significant amounts of material

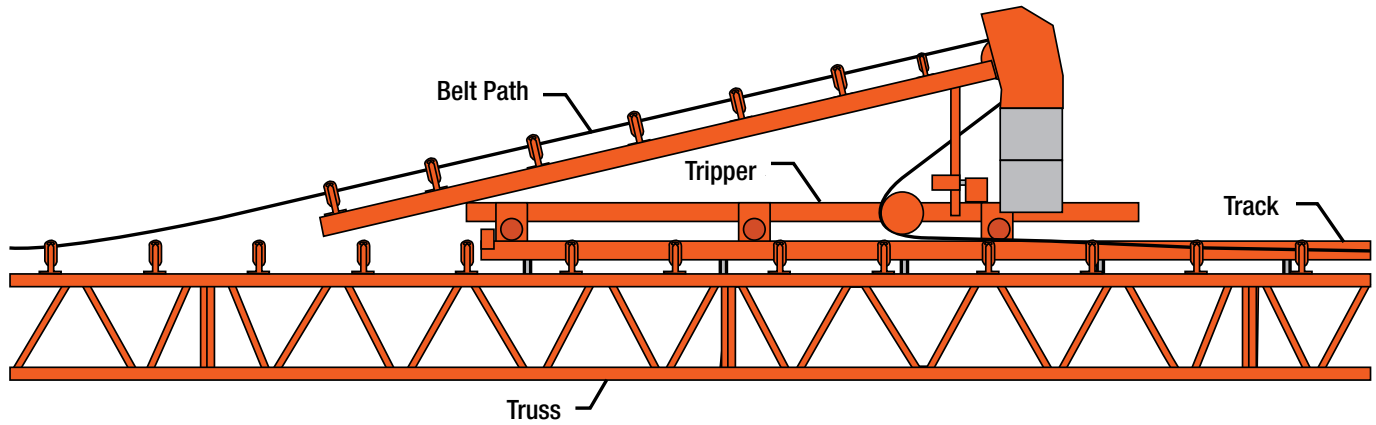

## Quality Workmanship

Built strong for decades of operation, our standard construction procedures reduce premature maintenance and failures.

- ▶ 1-4" angle iron
- ▶ Heavy-duty truss design
- ▶ Carriage frame built longer for maximum belt support
