## **CEMCO ACQUISITION FINAL, SUPERIOR GAINS SIGNIFICANT MANUFACTURING CAPACITY**

Morris, Minn. – Superior Industries, Inc., a Minnesota-based manufacturer and global supplier of bulk material processing and handling systems, announced today it finalized its intended acquisition of Belen, New Mexico-based, CEMCO, Inc. As part of the sale, Superior attained a 147,500-square-foot manufacturing facility in the heart of the American Southwest.

“This acquisition comes at a time when we're responding to dealers and increasing manufacturing capacity,” says Jason Adams, president of Superior Industries. “The New Mexico facility will be the new home to all of Superior’s impact crushers, increase portable plant manufacturing by about 40%, and give us more room to strengthen stock of critical components.”

The Cemco™ VSI name and design aren't going anywhere, says Superior, as the pioneering vertical shaft impactor is widely used and very popular in the production of cube-shaped aggregate. Going forward, the company will be rebranded as Superior Industries, but the Cemco VSI name will live on as a trademark for Superior's VSI crushers.

“The facility is awesome, the VSI is a high-grade performer, but it's those hard-working men and women of Belen, New Mexico, that we're most blessed to have in our expanded company,” says Adams. “In fact, we want to double the amount of employees in Belen as soon as we can.”

Job openings will be posted soon to “workatsuperior.com” and those interested in employment can reach out any time to [jobs@superior-ind.com](mailto:jobs@superior-ind.com).

### **About Superior Industries, Inc.**

From Rock Face to Load Out®, Superior Industries engineers and manufactures groundbreaking bulk material processing and handling equipment plus cutting-edge components. The 50-year-old manufacturer supplies bulk crushing, screening, washing and conveying systems plus all related parts and services for industries like aggregates and mining. In addition to manufacturing in Miramichi, New Brunswick, Canada, Superior is headquartered in Morris, Minnesota, USA with four additional U.S. facilities, plus international factories in Brazil and China.
